“The evening and morning was the first day.” Each day starts at sun set the previous day. Gen. 1:5, Lev. 23:32 (Yahweh's Days “1-8-15-22-29” are the Sabbath days each Month). The New Moon Crescent is the first Sabbath of each month. Abib 1<sup>st</sup> (April 10<sup>th</sup>) is the beginning of the year. The red box is the day of Passover, it is on the 14<sup>th</sup> of Abib (April 23<sup>rd</sup>). First day of Unleavened Bread is Abib 15<sup>th</sup> (April 24<sup>th</sup>). Last day of Unleavened Bread is Abib 21<sup>st</sup> (April 30<sup>th</sup>) (Wave sheaf is Abib 16<sup>th</sup> (April 25<sup>th</sup>) Feast of Weeks or (Pentecost) is (Aug. 4<sup>th</sup>). Annual Holy Days for 7<sup>th</sup> month are: Feast of Trumpets which is the 1<sup>st</sup> day of the new month (Oct. 5<sup>th</sup>) a New Moon Sabbath, Atonement the 10<sup>th</sup> day (Oct. 14<sup>th</sup>), Feast of Tabernacles, 15<sup>th</sup> day (Oct. 19<sup>th</sup>), Last Great Day the 22<sup>nd</sup> (Oct. 26<sup>th</sup>). The blue boxes are Weekly Sabbaths, also the 29<sup>th</sup> & 30<sup>th</sup> are counted as one **lunar Sabbath day about 6 times a year**. The yellow boxes are the first day of each Month, and they are also New Moon Sabbath's. All green boxes are Feast Days. Three annual Sabbaths occur on Weekly Sabbaths: 1<sup>st</sup> day Unleavened Bread, Feast of Tabernacles, Last Great Day. There are three Feast days that are not on a Weekly Sabbaths: Last Day of Unleavened Bread, Pentecost and Atonement, also Feast of Trumpets occurs on a New Moon Sabbath.. We go by actual sightings of the moon crescent in Israel and in the U.S for the start of each month.

\*The 1<sup>st</sup> day of each month shown is a very possible sighting date of the crescent.
