

Shabbat Shalom,

We have posted and spoken about so many topics and plans that we were able to see through the information, news, and events taking place in the past several years. We also spoke extensively about the Grid EX II exercise last fall, among other events that took place.

We could see how many of these different and seemingly '*separate*' topics could fit together, and warned about what was taking place, at the same time Praying that it wouldn't take place at that time, and hoped that Yahuah would delay it and not let it take place at that time, so that Yisrael would have a little more time to get prepared.

However, do not become complacent Yisrael, just because it didn't happen this past fall, don't think that and much more is not coming. It is Already Written, It WILL Happen, when Yahuah Allows it, and it won't be much longer.

And since '*the elite*' didn't get what they wanted to occur this past fall, we can easily discern what they will do in the very near future, this time they will run several plans simultaneously, so if one fails, others will still be happening to bring about the things they are wanting to implement or do.

Not only that, but because the events didn't go according to plan this past fall, they are accelerating Every Thing now. We can see this happening more and more every day, in the laws that they make, the things they are doing, and even with the sudden full on push to get a 'peace' deal signed and done between Israel and the PLA. It really is All Connected, whether people understand it or not.

We received a phone call from a close Achi/Brother yesterday, and he told us about a radio broadcast he had listened to, and that he thought we should hear it.

If you want a fuller picture on those events that nearly occurred last fall, along with many other topics we have spoken about over the last 6-7 years now and said was occurring, then listen to this radio broadcast from **Dave Hodges - The Common Sense Show**, interviewing **Dr. Jim Garrow**. It is a 3 hour interview total, and its worth the time to listen. They go over many of the things we spoke about, put in teachings, and have sent out in newsletter through the years, plus things that are not commonly

known, and just go to confirm what we and others could only speculate with the limited information we were able to get a hold of.

PLUS they go over many other things that is currently taking place, and what they are preparing to implement in the very near future.

This 3 Hour Radio Broadcast was divided into 3 one hour mp3 files, which are all located below the article, on the page linked here:

ALSO OF NOTE, AS I POSTED ON OUR FACEBOOK PAGE:

This interview was on **dec 22nd 2013**.

I don't know the exact details, but only about 2-3 weeks after this interview, there was an attempt on Jim Garrow's Life. Most likely for what he stated and spoke about in this interview.

'They' don't want people to know what is going on.

'They' don't want people who are in the know to say ANYTHING

So if it is important enough for them to try to kill someone over it, it is MORE than important enough to take the time to listen to it.

But Most People are **'to busy'** to be bothered to know what is taking place anyway.

Just like most people are **'to busy'** to read Restoration Truth Teachings, Yahuahs Word, nor to become Obedient to Yahuahs Word.

I hope all the people reading this, aren't the one's who are **'to busy'**.
