

Shabbat Shalom,

By the time that I get this done, and actually get it sent out, Shabbat will have already ended, no matter where you are... But we didn't want to send this newsletter out, until we were able to finish a new teaching, which I have been working on for some time now, but hadn't had time to finish. But I made the time in the last few days, and have worked on it all day today, and although much much more could have been added, what is necessary is included. This new teaching is titled: '**The Plain & Simple Truth About the 'Star of David' & the Multitudes of Real Pagan Symbols that Thrive In These End Days'**'.

This document is written in size 14 font, as we try to do all of our documents, so it should be easy to read for most everyone.

This is much more than just about the Star of David. **It takes a lot of work and time to make these teachings. It takes much less to just sit down and read them. This teaching is important, so Take the time to sit down and read this document Right Now. And then share it with all of those who will hear.**

Just moments ago, we uploaded this teaching to our website, and it is now live, and can be read, downloaded, saved, shared, emailed, etc. You can find this teaching on the main page of our website, but here is the direct link:

<http://www.yhrim.com/The Plain and Simple Truth About the Star of David.pdf>

**Next** we also have the Projection for next years calendar **5996s.c.** completed, and we also just uploaded them to our website as well. They are now live as well. As we have done in past years, we once again did two projections, one for '***EST – Eastern Standard Time North America'*** for those here in the **US, Canada, Mexico, and South America.**

And then '***GMT – Greenwich Time England'*** for **all of those who are overseas.** Everyone can take the projection that is nearest to them, and then calculate for their exact local area.

But as we have stated many times, these calendars are just Projections! They are not infallible, as they are based upon man made calculations. We must all go out and Read the Sun AND Moon, Yahuahs Two Witnesses which speak forth His Calendar, each month as it approaches to know His Appointed Times.

Again, these are now live, and you can find them on the home page of our website.

**But here are the direct links:**

**EST** – [http://www.yhrim.com/5996\\_EST.pdf](http://www.yhrim.com/5996_EST.pdf)

**GMT** – [http://www.yhrim.com/5996\\_GMT.pdf](http://www.yhrim.com/5996_GMT.pdf)

Lastly, I want to address some issues we have had.

**First:** About 6 months ago, we sent out a newsletter when we were in Montana, and gave an address that people could mail us at. Recently we have had one person who asked if they could mail their tithes and offerings in a check.

As we stated in past newsletters, we are **now in Missouri**. **So our Montana P.O Box is now closed.** We have however, recently opened a P.O. Box here in Missouri.

We have also opened a new local bank account here, so we can deposit checks sent in for the ministry. However, we were not able to open an account with the name **YHRIM** nor **Yahuahs House of Refuge International Ministries**. To be able to have that name on the account, and to be able to accept checks using that name, we would have to file a lot of new paper work because we are in a new state, and it just isn't worth the time and work to do.

**So any checks that is mailed to us**, *for us to be able to deposit them into the bank*, must be made out to '**Warren Smith**'. **But any checks we receive will go into the account for the ministry**, as we use it to try to pay for the website, network, and other ministry needs.

**Our new Address is:**

**Warren Smith**

**P.O. Box 1012**

**Ava, Missouri 65608**

**Second:** Some technical issues - [Homestead.com](http://Homestead.com) which is the host for our main website [www.YHRIM.com](http://www.YHRIM.com), has suddenly stopped offering 'mailing list' services, and only gave us 2 days notice about it.

So just yesterday before Shabbat began, I had to find a new mailing list service provider, so that all of you who are subscribed through our website to be on the YHRIM mailing list, will still be able to receive the YHRIM Newsletters.

I was able to find someone with reasonable rates (*compared to others...*), and get the account setup, and will try to send this newsletter link through it this evening. Hopefully it will work, but it is much more complicated to use than the simple Homestead service.

As of right now, the 'subscribe to our mailing list' button on our website does not work. I have to get the new code for this new mailing list host, and then setup a new 'sign up button' on our website before it will work again. Which I hope to get done sometime this week.

Also Homestead changed their email service, so our email may have been out for a short period of time. Hopefully this will mean that we will actually get all of our emails that people send us now, as we have had multiple people ask us if we got their email, and we never did. We also have had problems with email's that we sent out, they would say they were sent, show they were sent, but yet the person we sent them to never received them. [In any case, we pray that this changes, and that our email stopped being 'intercepted'...](#)

**Third:** Although most of you out there who send us email and facebook messages, are understanding if we don't reply right away. Sometimes it might be days or even longer before we respond, as either we are busy with day to day life, or it may be at a time when we get a lot of emails from multiple people. As we have people from all around the earth contact us.

**Also, if you ask something that takes a longer response**, that takes a time where we can sit down and not only write out a reply, but to look up Scriptures and such to reply with.

As I said, most of you are understanding on this matter. We don't mind a simple 'reminder' or for you ask if we got your message. As sometimes we didn't get your

message. Or we might have intended to reply, but your message might have gotten pushed down the list in our inbox, or simply overlooked.

But as of lately, we have received a few 'follow up' messages... which I'm just going to say were quite rude, and were even told that we could be '*fakes*' in one message. As apparently we didn't respond quickly enough for the person. And we apologize if we haven't answered someone, as we try to help anyone we can.

Although we haven't said much in this past year, we are going to show just a little about our situation in the past year, and to prove that we are not '*fakes*'...

Since we left Crawfordsville Indiana a year ago, we have been thankful for the places that Yahuah opened up where we could stay for periods of time in different locations, especially last winter where we stayed in Iowa.

But out of this past year, we have had only our trailers to live out of for more than 6 months. Now, let me show everyone some recent photos I took, of where we are currently parked and show what kind of trailers we have:

We got some ice, then about a foot of snow on top of it, some of which had melted and packed down by the time I took these photos. We had to take our tarp down, which we had been using to cook under, and my Abba was just finishing tying off the ropes putting it back up, when I took these photos.

Below you can see our two trailers. They are just ordinary cargo trailers. The white trailer my Dad and I sleep in. And my Eema sleeps in the Green Trailer.

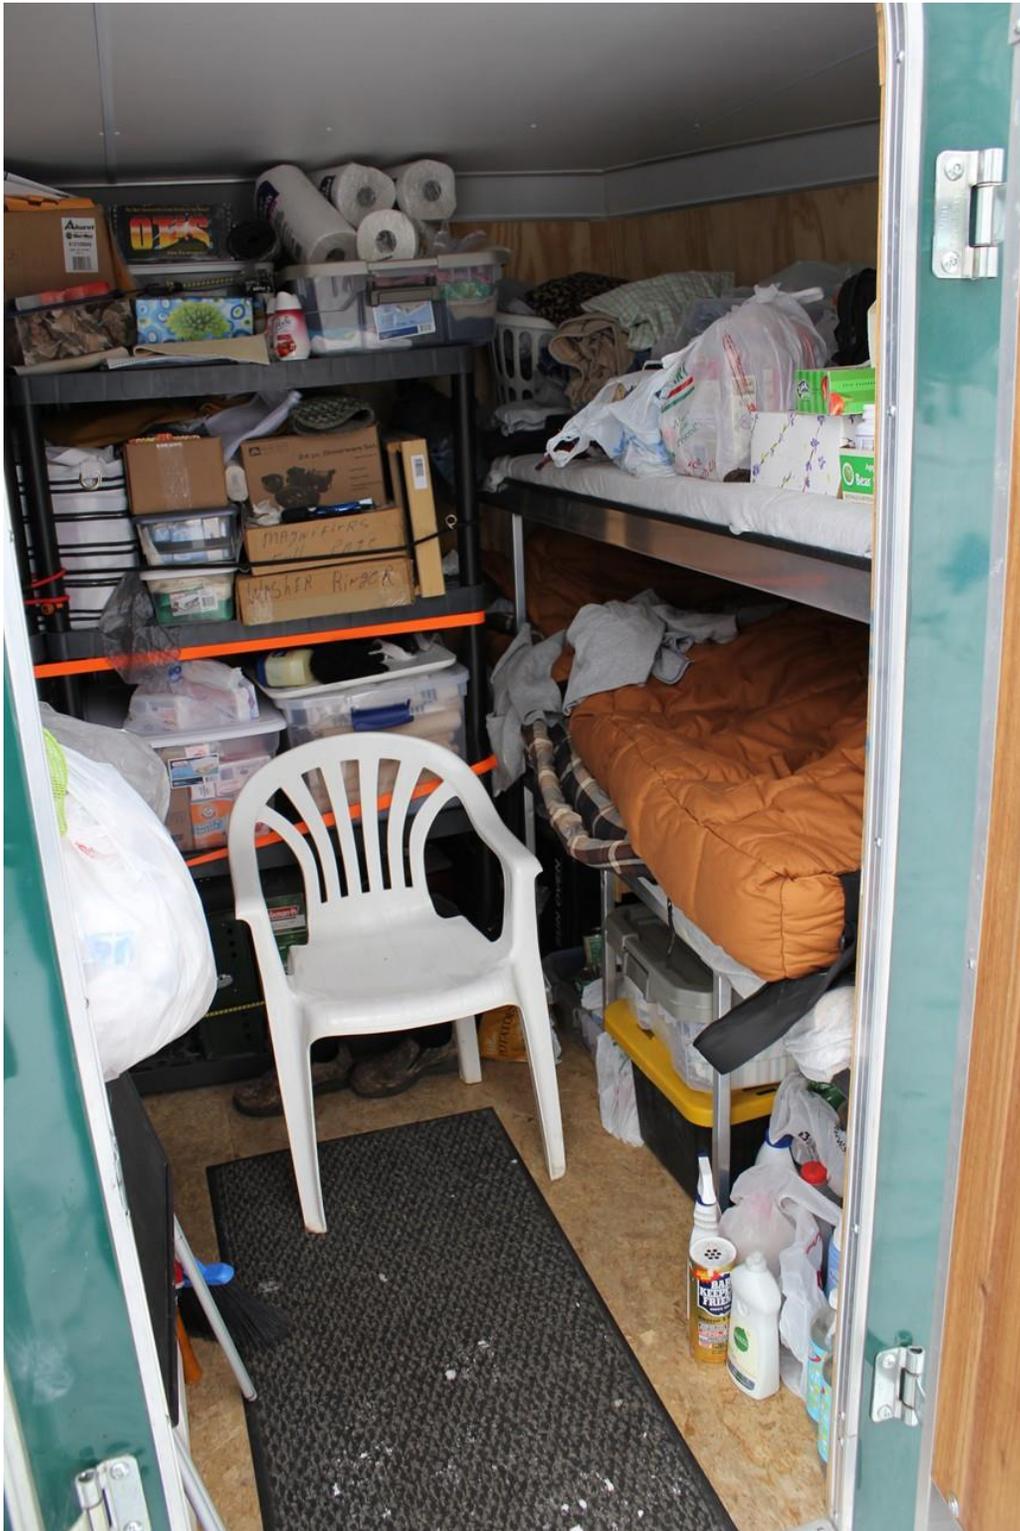

Here is the white trailer when you open the side door. You can see our two bunks that we built out of 2x4's and plywood, with our sleeping bags on them. Really thank Yahuah we have good sleeping bags, as we wouldn't have been able to stay in the trailers with-out them. Especially when it got down to around 8F degrees (- 13 *celsius*) at night

It has been mostly between 15f to 25f (-9c to -6c) for the past few weeks. But has warmed up to around 30-32f (-1 to 0c) at night for the past couple days. Also in the past couple days, we've had some warmer temperatures and it has been a much needed break.

Here is my Eema's trailer, here bunk is on the right side:

So we sleep in our trailers at night, there isn't room to do anything else, hardly enough room to put be able to put our boots on, as they are packed full. So when it was warm, we would sit outside under the tarp, at our folding table.

But when it got cold a couple months ago, the only place we had to sit was inside our truck cab. So here is where we spend most of our day, when we are working on a document, this newsletter, replying to emails/messages, posting information and 'signs of the times' events to our facebook page, working on the website, etc. This is also where we sit on the internet searching daily for property, on real estate sites, craigslist, for sale by owner sites, etc. We also have to eat in here since its too cold to eat outside.

We ran an extension cord under the door, so we can charge our computers and phones. And also to run a small electric heater to keep the cab warm.

This is the barn you saw in the background in the other photo.

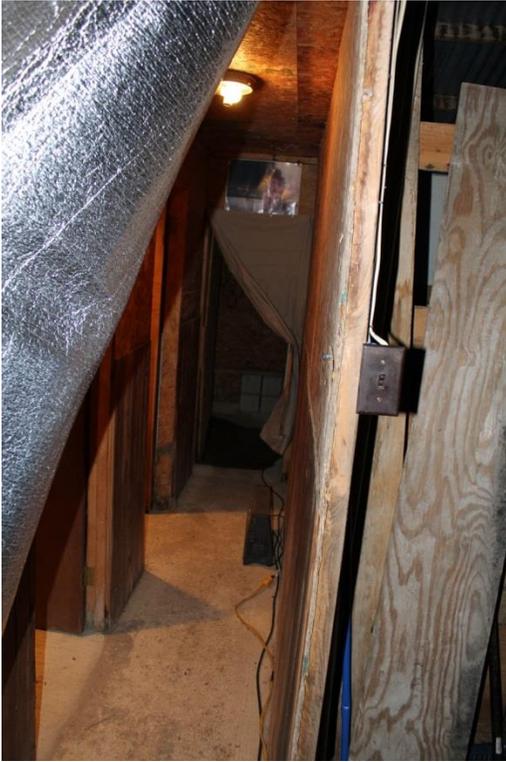

Here is the heat tape we bought to try to keep the water inlet and drain pipes on the outside of the barn from freezing.

As you go in the barn, you can see our stove and other things, which we had to bring down here when the ice and snow came in, and we had to take our tarp down.

We are thankful that we have access to bathrooms and a shower. This is why we are trying our best to keep the water from freezing, (*which it has done several time, although thankfully we were able to thaw it out and it hasn't broken any pipes*)

So, there is photo proof, we are not 'fakes....

Anyway, its not been easy, nor did we expect it do be. But we are continuing to look for a place, and believing Yahuah to help us. A lot of people got aggravated at us when we left Montana. Many said a place could be bought anywhere up there. We would have liked to have bought a place there, and just like here, if all we wanted was just a place for just us, one single family, we could have bought a place sometime ago. (Although it takes more than '*just a house and a couple acres*' as some mentioned.)

But we are trying to find a place, that at the least, all of our assembly can park trailers at, and have enough ground to raise chickens, goats, etc. Plus woods is also needed to have wood for wood burners not only in the winter, but also to be able to cook once there is not power.

We know, there is a lot of people laughing and scoffing at us for fleeing to the wildness, and for teaching that others should be doing the same. And that's ok, and expected. They laughed at Noah for building the ark too, when it had never rained.

But when the rain began to fall, THEN they wanted to listen, THEN they wanted to help, THEN they wanted to get on the ark... But it was already too late.

**Luke 17:26 "And as it was in the Days of Noach/Noah..."**

...so shall it be also in the days of the Ben/Son-of Ahdahm. 27 They did eat, they drank, they married wives, they were given in marriage, **until** the day that Noach entered into the ark, and the **flood came, and destroyed them all**. 28 Likewise also as it was in the **days of Lot**; they did eat, they drank, they bought, they sold, they planted, they built; 29 **But the same day** that Lot went out of Sedom it rained fire and brimstone from the Master YHWH from the shamayim, and **destroyed them all**. 30 **Even so shall it be in the day when the Ben Ahdahm is revealed.**

Even though this year that we have been on the road hasn't been easy, I would rather be found trying to find a place in the Wilderness where the Word Tells us to Flee to... Rather than be found sitting and doing nothing, claiming all the while *"Yahuah will do it all for me, I don't have to do anything but sit and wait."*
