

## Rosh Chodesh Sameach Kol Yisrael!

I know that this newsletter is Way Late, as Rosh Chodesh ended earlier this evening. But we still wanted to send out this newsletter tonight, I hope that you will find time to be able to watch it... Yes, watch it 😊

And that is the reason this newsletter is so late... as this is the first YHRIM 'Video' Newsletter. I tried to record this yesterday, but unfortunately some things didn't cooperate. So I was able to record it this morning, but it has taken the rest of the day to get it completed, as I ran into some technical problems with the resolution and other issues which I will have to work out for future videos. In addition to the time it took to get the footage edited, and output to a usable file. I've spent more than 14 hours today, start to finish, just to get this done.

We wanted to be able to put out more videos back some years ago. But the only internet we had available at that time, wasn't capable. The internet we have now is much better, but it is still limited, and much more expensive.

In any case, I was able to finally get it completed. It is not as good of video that I would have liked, I did not get to go over many of the things in my notes, and it did not have the flow to it that I wanted, but I hope that it does help those who want to hear.

Hopefully I'll get better at these type videos as we go. Future newsletter videos will be much more condensed.
