1st Day – 8th Month – 5996s.c.

Rosh Chodesh Samaech Yahsharel/Yisrael!

This evening at the going down of the sun/sunset, Yahuah's Two Witnesses which He placed in the heavens, the Sun and Moon, to Speak Forth His Calendar, has declared this to be the **the 1st Day/Rosh Chodesh of the 8th Month in this the Scriptural Year 5996 s.c.** (since the creation of Ahdam/Adam) (*pagan roman dates of sunset of 23rd day oct. 2014 – through – sunset of the 24th day oct. 2014*).

First, we have seen people teaching, and received emails, about how quote "*the gifts are done away with, and are no longer in effect*" and how the only 'gifts' that are left are quote "*faith, love, & charity*"

Well... satan for one would love it if all the other gifts were 'done away with'.

However, this blatant false teaching, contradicts Yahuah's Word. As **if** this were true, and there were no gifts including prophecy nor the power gifts, then there could not be the End Time Prophets sent by Yahuah in these last days, which is clearly written about many times in Scripture. Notwithstanding, that 'love and charity' are Not gifts to begin with, but are rather 'fruits of the spirit'.

To answer this 'false teaching' using the Word of Yahuah, watchman Moshe Eliyahu has written a New Teaching entitled "*Have The Nine Gifts, The Manifestations of Yahuah's Ruach/Spirit, Ceased?*"

This teaching is now live on our main website: www.YHRIM.com

Lastly, If you follow our YHRIM "Signs of the Times" Facebook Page, you saw the reminder we posted the day before Shabbat, about the up-and-coming Partial Solar-Eclipse. Which was viewable in the US, Canada, and possibly a few other places.

Toward the end of the 29th Day Shabbat, a little after 4:00pm CST on the pagan clocks, the Solar-Eclipse began. This photo below shows just as the moon began to cut in front of the sun, from the right edge.

Below is another photo which we took a while later, as it approached the middle of this partial eclipse. The thin cloud cover actually acted as a 'filter' of sorts, which make the eclipse easier to view and photograph.

Shortly after this, the chemtrail 'clouds' moved back in and covered the sun once again. Although my Eema, Simcha Nachamu, prayed to see it again, and she did! As another hole opened up in the clouds a bit later for a minuet or so, right as the Sun & Moon moved into that position.

Other than these times, the skies here had been in total chemtrail 'cloud' cover all day. So we thank Yahuah for parting the chemtrails, and allowing us to view this event.

If you missed this Solar Eclipse, I'm sure you can probably find articles and photos on the internet, and possibly even video of it on YouTube.

Also you can download a free program called Stellarium, [Link: http://www.stellarium.org/](http://www.stellarium.org/) - and can set the viewing location to somewhere in central united states for the best view, like Missouri. And change the pagan date to *oct 23rd 2014*, and then skip through the hours until it is toward evening, and watch the eclipse in 'real time' or speed up the time speed and see it happen faster.

Just to Clarify, the Bright circle in the photo below is the Sun, and the Dark object coming in front of the Sun from the right side, is the Moon.

But why does this bear any importance? It happens all the time right?

Well, every month, on the last day of the month, the Moon when it is Dark, passes by the Sun. This is called Conjunction.

But most of the time, the Moon will pass on either one side of the Sun, or the other. But because the Moon is Dark, we are not able to see it with our eyes during this time.

Which we don't have to know the 'exact moment' of conjunction. What we do have to know, is what DAY the conjunction occurs on.

And we can know every month, ahead of time, by reading the moon early in the morning before sunrise, on the 28th and 29th days of the Month.

If we go out early in the morning before sunrise on the 29th day, *which is the last Shabbat of the month*, and we ***DO*** see the moon we know that it does not have enough time to go through conjunction ****Before**** sunset that day. Which means that there will be a **30th day** in that month.

If we go out early in the morning before sunrise on the 29th day, but we do ***NOT*** see the moon, then we know that it is already nearing conjunction, and will go through conjunction sometime on that 29th day. Which in turn means that at sunset that evening, begins Rosh Chodesh, which is the 1st Day of the Next Month.

All of this is fully explained in the 'Restoration of the Scriptural Sabbath Day' teaching, which is on our main website www.YHRIM.com

However, whenever there is a ***Solar-Eclipse***, *whether it is a Partial or Total Eclipse*, the **Dark-Moon** passes **directly** in front of the Sun ****During Conjunction****. And because of this, during these times, we are able to **witness/see** the **Dark Moon** at the **Time of Conjunction**.

Which is what happened on this past 29th Day Shabbat, which just ended a few hours ago. Which by us being able to **witness** the **moon going through Conjunction** on the **29th Day Shabbat**, ****Confirmed**** that there was **not** going to be a 30th day, and that at sunset this **Rosh Chodesh of the 8th month** began.

As stated before, we already knew this by reading the moon prior to this, as we can do every month. But when events such as this solar-eclipse occurs, it is a teaching point, and helps those who are learning Yahuah's calendar to understand more clearly. And this is why events like this, which the world just takes for granted as a 'pretty picture' or a 'scientific event', is actually Yahuah teaching His People where

ever they are scattered, as these events are seen in different places all over the earth, at different times.

Tehillim/Psalms Chapter 19

1 The heavens declare the glory of El; and the expanse shows His handiwork.

2 Day-to-day utters speech, and night-to-night reveals Knowledge

3 There is no speech nor language, where their voice is not heard.

We pray that Yahsharel/Yisrael who are seeking to become obedient to Yahuahs Word, have a Blessed Rosh Chodesh and a Blessed Month, in Yahusha ha Moshiachs Blessed Name.

~Shalom Shalom

"No Scripture Ever Contradicts another Scripture, if it seems to we just need to adjust our perspective until we can see them clearly. Unless you can use All of Yahuahs Word without throwing any out, you can't Teach that subject Fully or Correctly."

Ahmos /Amos 9:9-11 "For, see, I will command, and I will sift Beit Yisrael among all nations, like corn is sifted in a sieve, yet the least kernel of grain shall not fall upon the earth. 10 All the sinners of My people shall die by the sword, who say, The evil shall not overtake nor find us. 11 In that day I will raise up the Sukkah of David that has fallen, and close up the breaches of it; and I will raise up its ruins, and I will rebuild it as in the days of old:"

Luka/Luke 21:28 "And when these things begin to come to pass, then look up, and lift up your heads; for your Geulah/Redemption draws near."

Hoshea/Hosea 14:1-9 "4 I will heal their backsliding, I will love them instantly: for My anger will be turned away from him."
