

**\*\*\*YHRIM:** This is an **Important Notice** covering a few new updates and features we've recently been introduced to, especially concerning the teaching videos in being able to reach more people who are searching for Truth. Please Read in Full.

**Last night at the going down of the sun/sunset, began Rosh Chodesh/1<sup>st</sup> Day of the 11<sup>th</sup> month in this the acceptable year of Yahuah 5999sc. (*pagan roman dates: sunset jan 16<sup>th</sup> ~through~ sunset jan 17<sup>th</sup> 2018*)**

I was trying to get this out before Rosh Chodesh ended. But some things came up that I had to take care of. Irregardless of when I get this out, there is several things that we need to cover.

**First:** This being a new month, we have **published the calendar** for the **11<sup>th</sup> month** to our main website [www.YHRIM.com](http://www.YHRIM.com) and it is now live on the **"Yahuahs Calendar"** page.

**Or here is the direct link:**

[http://www.yhrim.com/Calendars/5999sc/5999 CST - 11th Month.pdf](http://www.yhrim.com/Calendars/5999sc/5999_CST_-_11th_Month.pdf)

**Second:** We had a achoti/sister who is in Romania I believe, who contacted us and was asking if there was a way to translate our YouTube videos "automatically" using voice-to-text in the captions at the bottom of the video. As some other videos on Youtube were done this way.

I had never heard of this, and didn't know of a way of doing this, and wasn't sure of how a person could translate a video, other than having to know the languages and translate it themselves and manually write in the captions.

However, after receiving her email, I did some research into the Youtube settings, and found that she was correct. There was Two YouTube settings concerning translations, which for some reason by default are turned off. I did not even know these features existed until last night.

The First one that I "turned on" was **Automatic Translation**. In which Youtube translates what is being spoken in the video into whatever language you select, and it shows this translation in the closed captions.

You **do** have to have closed captions **turned on** in the video. If it is not on, or you don't see any captions, click on the **"CC"** button in the lower right corner of the video next to the video settings **"cog wheel"** button.

After turning on closed captions, you can click on the settings “**cog wheel**” button, and you will see the words “**Subtitles/CC**” and to the right of that is a “>”. Click on the “>” and it should show the primary language that is currently selected.

If you want to it to translate the video into a different language, right below that “>” there will be the words “**Auto-translate**”, click on that and a list of languages will pop up, and you can select the language you want YouTube to translate the video captions into.

Using the regular English words spoken in the video, I was somewhat surprised with the “auto translate” captions, as it seemed to do a fairly decent job, especially it doing so from a video. It was a big improvement over the last time I saw voice-to-text type programs at work.

However, with any Hebrew words that were spoken in the video, such as Yahuahs or Yahusha ha Moshiach’s names, it usually made a mess of them.

Even as is, this would still be very helpful to people who do not know English, or who would rather read it in their own language.

**BUT** there is the second feature which I also turned on. The second feature allows the community (*you the viewers*) who know the language that is being spoken, **Plus** know English or whatever other language that is selected to **show in the captions**, where **people can submit revisions** to the captions to correct problems where the “automatic translator” didn’t translate correctly.

I wanted to see how it worked, so I went to the closed caption editor page for the latest video we just published yesterday

**“The Tree of Life & The Tree of Knowledge of Good and Evil – Video #1”** (**link to that video** <https://www.youtube.com/watch?v=BiiKm0Meyjk>) And in the editor I was able to correct the mistakes where it had made a mess of the spoken Hebrew words, so that they would show correctly in the closed captions.

These two features combined are **very useful tools**. As people in all nations will now have the ability to see these videos with at the very least an automatic translation into their own language. **Which means these messages can reach many times more people who are searching for the truth of Yahuahs Word.**

Plus for people who are able to contribute to the translation, to make corrections to the captions for that specific language, it will make the translation even better for everyone who watches that video in that same language.

For those of you who would like to help in contributing to the translation of the videos. Our YouTube channels "**Language Translator Contribution**" page is: [http://www.youtube.com/timedtext\\_cs\\_panel?c=UCMp6esrQ9A4VUPW9\\_5cfkMQ&tab=2](http://www.youtube.com/timedtext_cs_panel?c=UCMp6esrQ9A4VUPW9_5cfkMQ&tab=2)

On that page it will at least list some of the videos from our channel which people can contribute translations into whatever language they select.

But if there is a specific video you were wanting to contribute a translation to, that is **not listed** on that page, you can contact me by email and I can get you a direct translation contribution link for a specific video, and email it back to you.

**For instance:** The first Shabbat teaching video "**Introduction to the Scriptural Sabbath Day Video #1**" the "**Translation Contribution**" page for that specific video is: [https://www.youtube.com/timedtext\\_video?v=xfJwaQQo8Cg](https://www.youtube.com/timedtext_video?v=xfJwaQQo8Cg)

So a person who wants to contribute to the translation on this video can click on that link, and then click on the words "**Add new subtitles or CC**". If the language you want to translate into is not listed, you can search for it in the box directly below that button. Then it will show the "*automatic translation*" in caption boxes to the left of the video, which you can then edit and change to correct mistakes in the translation. After you are finished, you can then save and submit your revisions for review. YouTube will review the changes and then notify me for approval.

With these new translation tools, it should be a great help in reaching many more people with these video teachings and messages that Yahuah has blessed us to be able to understand, and share with those few who are truly searching for these truths written in Yahauhs Word.

**Lastly:** We have had some questions from a few people, asking if there was another way they could send finances to support the ministry, besides paypal. We have only had a paypal link on our main website listed there for the past several years. We added that because it was an easy and secure way if someone wanted to send in support. We haven't really spoken about it or anything, unless someone has asked.

We have always been used to just paying everything ourselves through these years for the most part. As for one, we will not "alter" what we teach in order to please people so they will put in offerings. Its not going to happen. We teach whatever Yahuah gives us the understanding of, and we will not back down from the Truth Written in His Word for no one.

But there have been a few people who have stood with us and have sent in financial

support from time to time, which by doing so you are **helping to work in the ministry** and **have a part in reaching people** not only with **Truth, but also Salvation**. We are very **Thankful** for each and every one of you few who have helped and have become a part of this work in the ministry.

With that said, there is people who want to help, but they don't want to use paypal, for their own reasons. So since we had a couple ask, in the last few days I've been looking into what other options exist. And the only other option that seems to be viable and easy to use, is a site that has been steadily gaining popularity on many different websites, including many YouTube channels, called Patreon.

For those that don't know already, Patreon is a community based website, where a person, YouTube channel, organization or etc, can setup their own "Patreon" page. And people who want to support them can go to their page and become a "patron", by setting up a monthly amount, anywhere from \$1+ or more, which will be sent every month. Of course you can also change the amount, or cancel it all together at any time.

If you only wanted to send a one time offering, then paypal is still the easiest way.

In any case, I have now setup the **YHRIM Patreon page**. It can be found at this link:  
<https://www.patreon.com/YHRIM>

I have not yet posted any content there, expect for one "animated" style teaching companion video that I made back about 7 years ago. I do intend to post some of our other YouTube video teachings, as well as some other things there. As there is now a lot of activity on Patreon, so it may become another path to reaching people with the Truths that Yahuah has blessed us to understand.

But we are **not** going to make "Patreon only" content which is only accessible to the people sending in pledges (*unless it's just something that only concerns our Patreon page or members there*), as many people do trying to get more people to join. The teaching videos and everything else that we make, we will still put out on our website, YouTube, facebook, and any other forms of outreach, for as long as we are able.

One feature that I thought was interesting for those who become Patreon supporters, is they do have a "**Community**" section. In which supporters can make posts, ask questions, and other things. So its interactive among us and between all the Patreon supporters who join.

So hopefully this will be helpful for those who were seeking an alternate means to paypal, and in other ways too.

We have been making some updates to our website, working on power point teachings, got this months calendar published and other things. I'm working on getting several new videos edited, rendered, and uploaded. My Abba is recording several more videos in his new teaching series **"The Tree of Life & The Tree of Knowledge of Good and Evil"**. I am also preparing to get back to recording videos myself as well. So we are hoping to be getting more teaching videos published to our Youtube channel, additional updates to our website, and some other things that may be coming up.

We **Thank and Praise Abi Yahuah** for **His Rosh Chodesh, All His Moadim,** and All the **Mercy and Blessings** He bestows upon His People, even though there is many we don't understand nor even see.

We **Ask and Pray** for you **Yahuah** to **separate Your People** from the **Enemies of Your People All Around**, and Place a **Clear Divide** between **Us** and **Them** and that you **Abi Yahuah Pour Out Your Hot Judgment Against Them with Your Great Power**. And **continuously keep Your People protected** from **All the Plagues** and Everything else that this **satanic beast system** is doing to All the inhabitants of the Earth, and to the Earth itself, in these Last Days. In the Name of Your Only Begotten Son, **Yahusha ha Moshiach ben Yahuah El Shaddai**, we **Pray and Ask All Things**.

~Yahusha ben Moshe EliYahu
